The Chapel Fund for the Firemen's Home In Hudson

The Firemen's Home provides a loving, caring environment for volunteer firefighters. In order to improve upon and augment its excellent amenities and services, the Firemen's Home undertakes many projects every year. One of the most significant projects for 2008 is the installation of stunning, awe-inspiring stained glass windows in the chapel of the Firemen's Home. These windows encourage the spiritual well-being of the residents and will add an unmistakably divine beauty to the chapel. They will serve as a thank you to those retired firefighters who once helped our community.

With your support, the Firemen's Home Chapel Fund project will be underway, adding to the exquisiteness and comfort of the facility that takes care of those who once took care of us.

Your donation to the Chapel Fund will make a lasting difference in the peaceful, spiritual atmosphere of the chapel and in the lives of the residents. Your generosity provides the crucial assistance needed to fund projects such as this, set forth by the Firemen's Home.

"The FASNY Firemen's Home in Hudson is a special place. Not only do we care for our residents physically, but we also nurture them spiritually."

- Reverend Wayne F. Jagow
FASNY Chaplain

Mr./Mrs./Ms.
