Past Chief George Zayas, Rockland County (New York) Deputy Fire Coordinator – Active Shooter for Fire and EMS: An Integrated Response

This class takes a look at an integrated response to an active shooter event by fire and EMS. We'll take a look at everything fire and EMS bring to the table in these types of situations and cover the "rescue task force" concept.

2:15-3:45 p.m.

Dr. Candice McDonald, Founder of Success Up – Breaking Through Recruitment and Retention Challenges

The volunteer fire service is experiencing its biggest challenge to date with volunteer firefighter recruitment and retention. With today's era of competing demands for the volunteer/potential volunteer firefighter, the question becomes, "What strategies are volunteer fire departments using to successfully recruit and retain volunteer firefighters?"

2% Tax Forum Moderated by the Hannigan Law Firm

The 2% Tax Forum provides members of fire departments and chartered benevolent associations the opportunity to listen to speakers from various New York State government agencies who will present an overview of 2% Tax usage and distribution pertaining to the areas of expertise. Saturday, August 10, 2019

Speaker Series

12:30-2:00 p.m.

Ex-Chief Robert Fling, Founder of Face Piece On – Every Fire Is a Hazmat

This presentation walks you through the difference between the fires we encounter today and those of years ago. There is a difference . . . they burn hotter, faster and produce a toxic environment for firefighters like we have never experienced before. You will learn why we need to treat today's fires as a hazmat incident, as what you are being exposed to could have catastrophic effects to your health.

2:15-3:45 p.m.

Chief Bobby Halton, Editor in Chief of Fire Engineering Magazine and Education Director of the Fire Department Instructors Conference (FDIC) – The Responsibilities of the Company Officer

Chief Halton is one of the premier fire service instructors in the nation and at the very top of the list of exhilarating speakers. If you have never heard Chief Halton speak, you are in for the experience of a lifetime. Plan to listen to him talk about fire service leadership and the importance of the company officer.

4:00-5:00 p.m.

"Post-Traumatic Stress" Panel Discussion

This panel discussion will provide attendees with an opportunity to hear from first responders who have seen and experienced PTSD first hand. They will discuss their personal experience as well as ways firefighters and fire service leaders can address this important issue.

6:00 p.m.

Gerard J. Buckenmeyer Scholarship Night

The Gerard J. Buckenmeyer FASNY Volunteer Scholarship Program is made possible each June through the generous donations of individuals, fire departments and auxiliaries. The evening event includes several basket raffles, music, fun and light refreshments. Please make an effort to stop by and support the FASNY scholarship program. FASNY would also like to recognize the in-kind support donated by McNeil and Co., which provides more than 80 hours of administrative work needed to process the applications and awards.
